

Unleash Your Creative Skills

An Evening of Free Improv Coaching and Fun for All

When: Wednesday, February 24, 2016 7-8.30 pm,

Where: Huney Hall, 370 Brien Drive (across from Waterfront Park), Bainbridge Island

All businesses, big or small, must innovate or die. Success depends on the ability of owners and employees to bring fresh ideas to delivering products and services.

U Speak Easy Toastmasters club has invited improvisational creativity experts Bill Thomas and Michael Schmitt to deliver their unique program aimed at building your innovative muscles to achieve more business and personal success.

Their program's foundation for success consists of the Three Cs: communicate, collaborate and create.

Bill and Michael promise to show attendees how to: liberate passion, unleash audacity and open the doors of possibility.

They will emphasize audience participation in exercises designed to free up inhibitions. Even the shyest will discover a path opening for individual stardom.

Bill Thomas says, "Games are our specialty. We'll show you how playing well with others leads to your own success."

While businesses usually pay Bill and Michael to present their 2 to 4 hour program, they will offer a concentrated version on February 24 at no charge as a favor to their fellow Toastmasters on Bainbridge. U Speak Easy Toastmasters club invites the community to participate in this evening of creativity-enhancing improv.

Seating is limited. Email saa@uspeakeasy.com or call 360-821-9543 to reserve your spot.
