

Bainbridge Business Connection, BBC's First Field Trip

Matt Longmire, Bainbridge Performing Arts Communications And Development Coordinator, and Debbie McLeod, Board Vice President and Development Director, will provide a behind-the-scenes look at what's happening at BPA and how our upgraded building will be a valuable resource to local businesses. Invitation from Matt

BBC friends,

Thank you for this opportunity to talk with the BBC. Debbie and I have really enjoyed the chance to get to discussion with everyone about their experience with BPA and what's happening with the new building.

For anyone who's interested, I am more than happy to take them on a tour through the new facility. They can visit buxtoncenter.com for the whole story, or go straight to bainbridgeperformingarts.org/tours.
